Introduction

I'm an experienced Landscape Architect in Sydney with 18 years working in the field of Landscape Architecture, and a further 6 years working in related science & environmental consulting positions.

I'm passionate about the design of the public domain, community precincts & playgrounds with a focus on water & place making. I have a scientific background with experience in water sensitive urban design. I aim to deliver deeper, integrated landscape outcomes and conceptualise award winning projects.

Qualifications & Affiliations

Registered Landscape Architect AILA (8312)

NSW Executive Board Member - Australian Institute of Landscape Architects (AILA)

Diploma of Landscape Design

Ryde Horticultural College (TAFE) - Distinction - 2011 – 2013
